### D. Impact in Future Years?

None.

**E. Identify Sections of the Bill That Will Generate the Additional Workload or Cost Increase**

None

**F. Expenditure Impact Details (*Ties to totals in Section C*)**

**CHANGE** -- This second substitute modifies the first substitute with respect to policies of accessibility and eligibility but does not appear to affect the analysis of the fiscal impact of either the first substitute or the original.

**MSP** --This bill does not directly impose any cost, but if all private and home schools were to take advantage of it, it could require additional MSP appropriations in the amount of at least \$12.9 million annually since LEAs by Board rule R277-419-4(E)(1)(b) are allowed to claim up to the equivalent of one period per day in membership for private (approximately 16,386 in 2006) and home school students (8,540 in 2006) who participate in public school sponsored extracurricular activities. See Analysis tab for details.

**FEE WAIVER** -- It is unclear whether LEAs will have to waive fees for indigent private and home schools students; if so, the amount of fees waived will neutralize to some extent their compensation via the MSP for services to nonpublic students.

**G. No Fiscal Impact or Will Not Require Additional Appropriations?**

*Specify why this bill will have no fiscal impact on your agency or institution.*

*Specify how you will reallocate workloads, resources, or funding sources to eliminate need for additional appropriations. (USE ATTACHMENTS IF NECESSARY.)*

This bill is directed exclusively at LEAs; it does not affect the USOE.

**H. If Bill Carries It's Own Appropriation:**

*Indicate if the amount appropriated is adequate to meet the purposes of the bill.*

*Are there future additional costs anticipated beyond the appropriation in the bill?*

Not applicable.

**I. Impact on Local Governments, Businesses, Associations, and Individuals**

Local School Districts/Charter Schools : Additional pupil accounting work for compensation by the state (see Section F). Possible neutralization of compensation due to obligation to waive fees in some cases.

Businesses and Associations : May make private schooling more attractive in some cases by enabling a public school student to continue participation in extracurricular activities that would not otherwise be available.

Individuals : May create opportunities for participation in extracurricular activities that do not currently exist for some nonpublic school students.

Narrative Description of Bill : This bill modifies procedures for exempting minors who are home schooled from attendance at a public or private school and addresses charter school, private school, and home school students' eligibility to participate in extracurricular activities.
